

CURRAN
ARCHITECTURE

Beyond the expected.™

CURRAN ARCHITECTURE is a creative,

full-service architectural firm whose focus on

the client has resulted in relationship driven

growth. We view the first project with a new client as the starting point

of a long-term relationship. This approach starts with sensitivity to their needs,

which is evident in the project's design, material selections, and execution. By

going *Beyond The Expected*, the result is a successful project and a satisfied client.

02

Clients + Projects

Our clients' needs are as unique as the clients themselves. From local start-up companies to regional developers to Fortune 500® corporations, we treat all of our clients with the same respect and attention to detail. Client projects include corporate office headquarters, retail centers and shops (for both local and national chains), mixed-use urban infill, medical practices, industrial manufacturing facilities, small interior build-outs, funeral homes, and mausoleums.

Fortune 500 is a registered trademark of Time, Inc.
